From the TP4L Staff's Hearts

The Child Care & Preschool Teacher Poem

Although I am not their parent,
I care for them each day.
I cuddle, sing, & read to them
And watch them as they play.
I see each new accomplishment
And help them grow and learn.
They come to me for comfort.
I soothe away their tears.
They proudly show their work to me.
I give the loudest cheers.
No, I am not their parent,
But my role is just as strong.
I know some day the time will come,
When we may have to part.
But I know each child I have cared for,
Is forever in my heart.

- **Practical Life:** *Introducing ourselves*
- **Sensorial:** *Sun and Fun*
- **Language:** *The letter N in English American sign language and Spanish*
- **Math:** *Counting 1-8*
- **Care of self:** *Belly breathing and personal space*

Picture of the Week

“Imagination does not become great until human beings, given the courage and the strength, use it to create.” — Maria Montessori

Ladybugs

Ms. Ivonne – Head Teacher

This week, the classroom focused on Sun and Fun, the letter N and number 8 and color yellow. Despite our director's efforts we were unable to bring water sprinklers to the children as we planned. In any case, weather was not well-suited for bathing suits, but we managed to have a great time anyway!

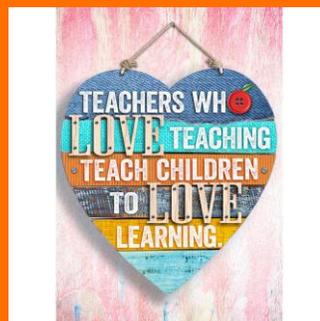

When it was beautiful outdoors, we took the children to any patch of grass we could find that is in proximity to Center. Once there, the children participated in circle time, learned how to count duck, duck goose and participated in other exercises outdoors where they were able to jump up and down and be KIDS!

Your children continue to learn about how the sun helps flowers grow. They also continued learning how to say this week's focused letters, numbers, and colors in English, Spanish and sign. We continue to help children introduce themselves, observe personal space get exposure to science, math, puzzles, books, and other material. We continued practicing belly breathing.

When we learned that a member of our small family was leaving early (three children have outgrown our Center – Mickey, Ilya, and Lelani) we spent a great deal of time helping the children bring closure with talks about how long they have been here and trips to the Dragonfly Nursery to visit our Ms. Jellybean. We will certainly miss Lelani, and her family!

Dragonfly

Ms. Geraldine

This week the children in the Dragonfly classroom had lots to learn. We introduced the number 8, the color yellow, and the letter N. During our language lesson, we traced the letter N with crayons and sounded the word Net. We also learned how to use sign language for the letter N and yellow. We used the number 8 in many ways for math. We colored our numbers using yellow finger paints. We counted 8 farm animals during our reading time. Sensorial time is always fun. We sing lots of songs and dance while we use our musical instruments. We have fun on the trampoline and our younger children love to play on the gym mats. Welcome Summer! Have a great weekend!

Have a great week!
